

INSTRUCTIONS TO DOWNLOAD THE MAGNAVIEV 4.0 TRIAL VERSION

1. Download the software

- Click here to [Download the Trial Software](#).
- In the popup window, select save, and save the file.
- Unzip the file you have saved.

You now have the MagnaView install file available at your workstation.

2. Run the install

- Double click the install file.
- Follow the instructions.

3. Request a key

- Open MagnaView, for instance by selecting the program from Start > All Programs > MagnaView
- Go to Help > Registration.
- Follow the instructions.
- You will be directed to the MagnaView web site.

Please allow for some time to process your request.

We will send you a key as soon as possible by e-mail.

- Enter the key in the Help > Registration window.

4. Using MagnaView

- Please take a look at the sample project you will find in Start > All Programs > MagnaView. This project gives you a good impression of the possibilities MagnaView offers for visualizing your own data.
- Please take a look at the manual which comes with MagnaView either in Help > help, or by opening the pdf file in the MagnaView map.
- Find out more about the [MagnaView products](#).
- Download a [demo](#).

The key you will receive is valid for 30 days. If you would require a permanent key after this period, please contact info@magnaview.com.

(This e-mail address is being protected from spam bots, you need JavaScript enabled to view it for information about our products)

We do hope you will enjoy using MagnaView during the trial period, and are looking forward to welcoming you as a permanent user!
